I, **Mrs. Rubina**, W/o Shri Naseeb Ali, resident of Village Lohgarh, Pinjore District Panchkula, Haryana. I belong to Kumhar (Muslim) caste which comes under backward class. I am 33 years old. The financial condition of my family was not good. My family used to make earthen utensils like pots, jugs etc. by hand. Due to the absence of chowk (electric chowk) with us, it used to take a lot of time and a lot of hard work had to be done. Due to which the expenses of the house were running hard. That's why we wanted to buy pottery making machine but due to lack of money we were not able to buy it.

I came to know about NBCFDC schemes from an awareness camp which is being run by Haryana Backward Classes and Economically Weaker Sections Kalyan Nigam in the state of Haryana at concessional rate of interest. I applied in the district office of Haryana Backward Classes and Economically Weaker Sections Kalyan Nigam for financial assistance to buy pottery making machine. After which the district office sanctioned Rs.50000/- under NBCFDC's term loan scheme and gave me this loan on 11/04/2022. With this loan, I bought a pottery making machine and our work started increasing, I am paying the monthly installment of the loan on time and the household expenses are also going well. My monthly income before taking the loan was Rs.6,000/- per month and after buying the machine it has become about 10,000/- per month.

I and my family thanked to NBCFDC and Haryana Backward Classes and Economically Weaker Welfare Corporation.
